With an emphasis on early entrepreneurship, Chamber Youth is a partnership with community organizations, businesses and schools, to promote entrepreneurial options and opportunities for students K-12. Through early information and internships, young entrepreneurs will receive more attention, insight, and more experience; all resulting in more options and more success. We believe these partnerships will produce the next generation of leaders and business owners.

GOALS

- Teach youth the necessary skills for business and leadership.
- Create mentoring programs that will allow students to explore various business opportunities for parents.
- Provide non-traditional options and opportunities for parents.
- Improve social, community and economic literacy.
